

CORONAVIRUS COVID-19

GUIDELINES FOR PTGAA GUIDES AND THEIR GUESTS

PTGAA are taking all necessary precautions to protect our guides and their guests given the current crisis. We encourage our guides and guests to join us in following the recommended protocols issued by the World Health Organisation (WHO), Communicable Diseases Network Australia (CDNA) and local health authorities.

Like COVID-19, we don't discriminate between geographic origin, nationality, race or gender. Common signs of coronavirus infection include flu-like and respiratory symptoms, fever, cough, shortness of breath, and breathing difficulties.

If you have recently arrived in Australia and you are feeling unwell or have any of the COVID-19 Symptoms we respectively request **you do not join this tour.**

Should you show symptoms of the virus whilst on tour, we will request that you leave the tour in order to protect other guests as well as your guide and or driver.

We ask that you familiarise yourself with the following diagram
